

Mobile Shelving

REB Storage Systems International

Effectively utilizing all of the space in your facility or office area is a huge factor in productivity and ultimately your overall profitability. REB Storage Systems International can help you achieve this through our mobile shelving options.

Storage That Goes Where You Need It

Mobile shelving takes the basic design of a stationary shelf but is positioned on tracks, allowing them to be arranged in a compact closed position and then moved open to reveal your files. This movable concept makes mobile shelving incredibly space efficient and is especially ideal for file storage.

REB Storage Systems International carries only the finest mobile shelving available on the market. Because we choose only the best products to add to our collection, you can be confident that your mobile shelving solution will roll smoothly and operate safely.

Customer Service When You Require It

Our project management and engineering team will work with you to design the optimal layout for your space and get it installed on-time and within budget. Our team is standing by to answer questions and make product recommendations, for more information contact us today.

DO YOU NEED MOBILE SHELVING?

If you need a complete mobile shelving system, we can help. We've been creating mobile shelving systems for more than 50 years.

Whether your project is large or small, we have the expertise to ensure your next project is a success.

We'd appreciate the opportunity to help you further, whether that be more information or a quote.
